COMHAD INTRODUCTION

Commonwealth Association for Health & Disability (COMHAD)

Established in the U K in 1983 with support
from the Commonwealth Foundation.

One of the Commonwealth Health Professional Associations
and a Pan-Commonwealth Non-Government Organization (NGO).

Working in the health & development field focusing on preventive health care.

In official relations with WHO since 1990.

COMHAD INTRODUCTION

It is actively involved in promoting health development,
exchange of technical expertise and
inter-country training & education in health, in
54 Commonwealth countries all over the world.

The Patron of CF - Her Majesty The Queen Elizabeth of England
On her invitation Dr Uday Bodhankar represented COMHAD & visited
Buckingham Palace on 28th APRIL 2009

on the occasion of 60th Anniversary of the CF

The aim of the Association is
to provide education and research in
health and disability for quality of life
by raising awareness for prevention of disease & disabilities
and promoting health care for
low and middle income group of the community in urban settings.

OBJECTIVES

In the furtherance of this aim
the Association will advocate and promote :

- i. Quality health care
- ii. Accessible, acceptable and affordable health care,
in particular for people with disability
- iii. Professional links between workers in health
and disability across the Commonwealth.

OBJECTIVES

- iv. The aims and objectives will be achieved through regional and international conferences, workshops, symposiums, publications and communications, demonstration and other projects, training exercises and professional exchange and development programmes.
